Historic Opening Statement For Defense in Mass "Purge" Trial In "New Deal Capital"

Famous Speech by Henry H. Klein, Noted Jewish Attorney of New York

Ladies and Gentlemen of the Jury:

You are serving as a jury in what will probably be the **most important trial in the history of criminal jurisprudence in the United States.**

On you devolves the responsibility not only of passing on the guilt or innocence of these defendants, but also of determining whether **this nation will remain a republic with a constitutional form of government or become a communistic soviet country.**

You may not realize the importance of the task before you, but you will before this trial is finished. That is why I am reading this opening statement, so that may weigh each word carefully and understand it.

These defendants are charged in an **indictment** drawn by the prosecutor, **Mr. Rogge,** after he submitted witnesses to a **grand jury** which **heard only one-sided testimony** — the side of the prosecution. The defense side was not submitted to that grand jury, whose deliberations under the law are secret. You, ladies and gentlemen, will hear both sides.

The fact that I offered in writing to submit my client, **Colonel Eugene Nelson Sanctuary,** as a witness before the grand jury is immaterial now. **His testimony was refused,** as was, I suppose, the testimony of every other defendant who made a similar offer. That grand jury was **dominated by Mr. Rogge,** who was determined that an indictment should be returned and who drew it.

ACCUSES NO ONE OF CRIME

The document that accuses these defendants is called an indictment, but actually it is only a presentment—it **accuses no one of crime.**

It is probably the most fantastic and the most defective indictment ever drawn. It says that Hitler in Germany wanted to destroy the democracies of the world and it includes a reference to our form of government. It does not say that the United States is a democracy, because Mr. Rogge knows better. It simply tries to lead you by inference to believe that it is so. **The truth is that there was no democracy in Europe to destroy, and the word "democracy" does not properly belong in this indictment.**

It names those persons who are here being tried, besides another eighty-year-old person who passed to the great beyond while working on his typewriter in a little hall bedroom in this city, outlining his own defense for his court-appointed attorney. This aged American patriot, named **E. J. Garner, was a native American, a first cousin of the former Vice President of the United States,** who is still alive. Mr. Rogge referred twice to this deceased defendant in his typewritten address to you, a few days ago, knowing that Mr. Garner was no longer among the living.

WRONG ACCUSATION

This alleged indicment charges these defendants with conspiring together to undermine the morale of the armed forces of the United States, **because they wrote and talked along parallel lines.** They criticized and condemned the government. You and I and many others wrote and talked along the same line during the same time, and we are not charged with crime.

I filed charges for Mr. Roosevelt's impeachment before I got into this case, but I am not charged with crime—the law permits me to do this.

The truth is this administration has undermined the morale and confidence of most civilians in this country, including those in the armed forces, during the past twelve years.

Remember, this alleged indictment is under the peace time statute, not under the war time act, and the writings and speeches of these defendants were made when this nation was at peace, and under a **constitution which guarantees free press and free speech** at all times including during war time, until the Constitution is suspended, and it has not yet been suspended.

These people believed in the guarantees set forth in the Constitution and they criticised varius acts of the administration. On September 3, 1939, when Great Britain and Germany went to war, Mr. Roosevelt in a proclamation urged neutrality and added **"but I cannot expect you to be neutral in thought".** Writings and speeches are only the expressions of thought.

The alleged indictment begins by stating that Hitler came to power in Germany in 1935—a purely academic statement—but a very significant statement, because this document charges that these defendants followed "The Nazi line" by their writings and speeches. What does Mr. Rogge mean by that ? He means that because Hitler was anti-Semitic, so to speak, in Germany, that these defendants were anti-Semitic in the United States.

Does that mean that they intended to undermine the morale of our armed forces?

He does not tell you **that there was anti-Semitism all over the Christian world for nearly two thousand years** or that there was anti-Semitism in every country in Europe before and after Hitler came to power in 1933; nor does he tell you that there was anti-Semitism in the United States for many years before Hitler; but we will go into all that later. **Nor does he tell you that anti-Semitism or anti- any other religion or race is not a crime under our laws.**

NO CRIME TO TELL TRUTH

This **alleged indictment** which **specifies no crime,** contains a full page of the names of these defendants (many of whom are **native-born Americans);** a full page of names of various publications and a few pages of alleged quotations supposedly from speeches or writings by these defendants.

Which defendant spoke or wrote which quotation and which defendant published or edited which publication **is not indicated.**

The fact that **most of the quotations are true,** apparently does not affect the situation because the alleged **indictment does not charge that any of the quotations are untrue.** It simply repeats them, if they are proper quotations. The indictment does not show where they came from.

My client, **defendant Sanctuary,** does **not** know which quotations are attributed to him, nor does he know which quotation he is supposed to have written or what publication he is supposed to have edited or owned. He neither owned nor edited any of them, though he has written many books and pamphlets, **not one of which is mentioned in the alleged indictment.**

He has crusaded during the past forty years against many evils, including the cigarette smoking habit, which, by the way, is not mentioned in the alleged indictment. He is seventy-three years old and **devoutly religious. He and his wife ran the Presbyterian foreign mission office in New York City for many years,** and he has written and published **several hundred sacred and patriotic songs,** one of which patriotic songs I will have him sing to you later or I will read the words. This song was published in June 1942, and is entitled, "Uncle Sam We Are Standing By You".

FALSE INDICTMENT

Now what is there to this so-called indictment? Nothing but the desire of the prosecutor to punish someone. This attempt will fail, because **it is based on falsehood, misrepresentation and vicious propaganda** such as you have heard on the air and read in pro-administration newspaper during the past three years. Should it take that long to find persons guilty of writing and uttering so-called illegal statements?

Now why have these defendants been persecuted for three years—since about the middle of 1941? Why was the law enacted on June 28th, 1940, anyway? There was plenty of law before that date to punish so-called seditious conduct.

We will tell you why this law was enacted and will tell you why these persons are being persecuted. This persecution has caused the impoverishment of nearly all of them—about half of them have **court appointed charity attorneys** without compensation. Other defendants are unable to pay anything like commensurate fee to any attorney—and the Department of Justice has spent many thousands of dollars—probably several million dollars in the past three years, to **punish crime that was never com-**

'Secrecy' of Grand Jury Proceedings A Hoax

ATTORNEY LAUGHLIN INDICTED

Dear Mr. de Aryan:

I want to congratulate you on the splendid work you are doing for all the defendants in the so-called sedition case. You understand the situation fully and I must commend you for so ably coming to the defense of poor persons who are being persecuted for their political beliefs.

By the time this letter reaches you, you will probably know of the further effort to intimidate me and force me from the defense of my clients. An indictment was returned in the federal court in Baltimore last Friday, charging me with obstructing and impeding justice. It grows out of a case that originated in 1941 and was tried in the federal court in Baltimore in January 1942. The defendant whom I represented was charged with bank robbery and which robbery took place on September 25, 1941. My client informed me that he could not have participated in the robbery because on that date (September 25, 1941) he was visiting an inmate of the State Prison Farm, at Raiford, Florida. A few weeks thereafter I visited the State Prison Farm at Raiford and saw the superintendent who stated that the record showed that my client was at Raiford on September 25, 1941, as well as on two subsequent dates. The superintendent testified to this effect in federal court. I understand that some time thereafter some guard stated that he had manipulated the record at Raiford and that in fact my client was not there on the day mentioned. I never had any contact with the guard or anyone else at Raiford. Whatever was done was done before I got into the case. The indictment against me is preposterous and it certainly shows on its face that it is an attempt to browbeat and intimidate me. It seems strange, indeed, that this taking place almost two-and-one-half years ago why they would wait all this time before proceeding and then return the indictment at this particular stage. Needless to say I will not be intimidated and I will proceed with the sedition case as if nothing had happened.

In this connection, as you probably know, proceedings before a grand jury are supposed to be secret. Then we may ask why was it that Drew Pearson was permitted to broadcast over the radio on May 21, that I was to be indicted in Baltimore? Then also why were the "P. M." reporters permitted to circulate the report early part of last week that I would be indicted on Friday?

You may rest assured that I am not in the least afraid of the outcome in Baltimore and if the case does finally come to trial I will bring to light the methods used by certain agents of the Federal Bureau of Investigation which will amount to a national scandal.

I want to thank you again for the good work you are doing and trust that you will keep it up.

With all good wishes, I am,

Sincerely Yours,
JAMES J. LAUGHLIN.

PERFECT TIMING OF MORE SMEAR

Dear Mr. Laughlin:

Your letter of June 5, arrived. Thanks for the good words. Exidently in the rush and pressure, it escaped your mind to acknowledge receipt of $10.

I had just published the methods used by the GESTAPO and the VOLKSGERICHT procedures of persecuting jointly defendants and attorneys in Germany and lo and behold it happened here, too. Evidently, in order to defeat Hitler, this administration is hellbent to out-Hitlerize Hitler.

It is remarkable and indicative that you were not indicted till it became evident that you were not going to string along with the boys helping to railroad the defendants, through a mock defense.

Naturally, at this distance, I am unable to judge definitely and as every American must, I am taking the attitude that a man is not guilty till proven so under due process of law.

Hoping that the action against you is not so manipulated as to coincide with your defensc action in the "anti-Semitic" trial of the 29,

I am sincerely,
C. LEON de ARYAN.

"Tapping Tom" Dewey

By Fred Rodell in The Progressive

But, for all the glamor and even the achievement, there are blots on Dewey's record as prosecutor. Many of the rackets he went after were merely scotched, not killed, and are still going strong today under slightly different auspices. (This is due in part to his practice of making deals with underlings, whereby they would squeal and then go free—so that Dewey might catch the headline with the conviction of a big name.) And there were New York taxpayers who were bothered by the fact that a large part of two of the four years he spent as District Attorney, on the public payroll every minute, was devoted to the purely personal pursuit of two other offices: the Governorship in 1938, when Lehman barely beat him out at the polls, and the Presidency in 1940 until he lost the nomination to Willkie.

There was also Prosecutor Dewey's well-known flippancy with civil liberties, which gives the shivers today to many who envision trouble along that line after the war. The old accusations, never disproved, include the faking of grand jury subpoenas, illegal searches and seizures, and the holding of potential witnesses incommunicado in prison at impossibly high bail, under the guise of "protective custody".

Furthermore, Dewey's predilection for wiretappping is on public record; he is largely responsible for New York's present law, which smiles on this sly practice provided the prosecutor gets a court order permitting it. That these orders are subject to easy abuse, being signed by judges blindly and in batches, contributes to the common conjecture in both Albany and New York City today that Dewey's agents are likely to be listening in on any telephone conversation dealing with important political affairs.

Even as Governor, Dewey has not succeeded in shedding his nickname of "Tapping Tom".

"TILL THE COWS COME HOME"

John Ragge would rest his case against the 29 defendants charged with conspiracy to demoralize the armed forces in Washington, D. C.

109 witnesses for the prosecution are nicely housed and fed in Washington hotels awaiting apperance in court, but only 3 witnesses were called to the stand so far.

'Jewish Voice' Mad at Legion

HAM FISH & de ARYAN CLEARED

The B'nai B'rith have been successfully using Ben Berry and the American Legion, 17th California district to smear Congressman Ham Fish with C. Leon de Aryan, as a "subversive", using Fish's congressional frank. The San Diego papers gave front page to smear de Aryan. but it took the Jewish Voice, of Los Angeles, to announce that the National Executive Committee discovered that Berry, PM., Winchell and Pearson indulged in a smear campaign which was exposed as such by the U. S. Post Office previously.

Following is the Jewish chagrin:

* * * *

WHAT A WHITEWASH!

It took the Americanism Committee of the 17th District American Legion Department of California, six month and sixteen pages of documented evidence to present to the pubblic unquestionable proof of the nefarious activities of some of the worst seditionists in America thru the medium of Congressman Ham Fish's franking privilege.

PM in New York devoted pages to the report. Winchell talked and wrote about it. Drew Pearson commented on it. Hundreds of newspapers throughout the country took it up and thousands of letters poured in to the Legion in California, congratulating them on the great service they rendered America.

Yet, lo and behold, a three-man sub-committee appointed by the national executive committee of the American Legion this week in Washington, issued a report deliberately "white-washing" Ham Fish, denying that Fish had misused his franking rights.

Now you name it!

5th Sedition Trial Lawyer Fined for Contempt

WASHINGTON,— Judge Edward C. Eicher fined another sedition trial defense attorney $100 for "wilful and deliberate contempt" after the lawyer—Claude A. Thompson—loudly charged that a government exhibit had "been tampered with".

Mr. Thompson, fifth defense attorney fined for contempt since the slow-moving trial started, represents defendants Herman Max Schwinn and Hans Diebel.

Defense attorneys had been contesting the admissibility of government exhibits as they were offered. When the third exhibit, a photostatic copy of a letter purporting to deal with Nazi organizational activities in this country, was produced by the prosecution, cries of "forgery!" rose from the defense table.

Claims Evidence

Mr. Thompson offered to present "conclusive evidence" that the letter had been tampered with. He was interrupted by Assistant Prosecutor Joseph W. Burns, who shouted, "In view of the false statements of Mr. Thompson . . . "

The defense attorney roared back, shaking a finger at Mr. Burns, that "He's not going to call me a liar in this courthouse!"

Judge Eicher sent the jury out of the room and ruled that Mr. Thompson had exhibited contempt by his words and his manner.

Charge Letter Is Faked

Maximillian St. George of Chicago, counsel for defendant Joseph E. McWilliams, charged that it and other letters taken from the files of a Congressional committee had been manufactured.

"There are no originals," Mr. St. George said. "They came from the Anti-Defamation League."

Earlier Mr. Thompson and James J. Laughlin, another defense attorney, protested Justice Eicher's action in assigning another attorney to represent a defendant whose own counsel was momentarily absent, in order not to delay the trial further.

Mr. Thompson and Mr. Laughlin, arguing that this had been "done repeatedly", declared that it tended to prejudice their client's case because it might give the jury the impression that a conspiracy actually did exist among them. They were overruled.

Identifies Letter

Gissibl's testimony was confined to the identification of the letter from Spanknoebel to Kappe, and to a listening of the officers elected at the convention of the Friends of the New Germany in 1933. The rest of the time he just sat while lawyers argued.

Government Attorney Burns pulled him off the stand late in the day and put in the witness box in his stead Donald Patterson, factotum of the Library of Congress. Patterson's job was to identify several dozen books, papers and pamphlets, most of them in German which the Government obtained from the Library of Congress and which it proposes eventually to introduce to show the conspiracy between the defendants and officials of the Third Reich.

Several of the defendants were excused from attendance in court for one reason or another. Gerald Winrod didn't show up, and his lawyer explained that Winrod's son was critically ill. David Baxter's lawyer announced that one of Baxter's children had been taken ill in school, and Baxter was excused during the morning to take care of the child. When he returned he was excused again, since it appeared the child had either diphtheria or mumps and nobody wanted to sit next to Baxter until it was determined which. Another defendant, Victor Broenstrupp, was permitted a few days off for treatment of a carbuncle on his neck.

Text of Spanknoebel Letter to Bund Officer

Following is the text of Government's exhibit 2002, a letter from Heinz Spanknoebel, Fuehrer of the organization which later became the German-American Bund, to Walter Kappe, a Bund officer in Chicago. The letter is dated July 6,1933, some months after Hitler came to power in Germany. The Government contends it proves that the Bund was in deed and in fact an arm of Hitler's government and an agent in Hitler's world-wide conspiracy to bring the United States and every other nation into the fold of National Socialism.—PM, New York.

Dear Party Member Kappe:

This is to advise you that I have returned from Germany. Together with party member W. Hentschel, who by the way will be back in the U. S. in about two weeks, we have succeeded in bringing about a solution of the questions of organization and propaganda.

First of all, and confidentially, for tactical reasons my official commission must continue to be that of leader of defense and enlightment in the U. S. A., for which the necessary funds have been appropriated.

Of course, the league will continue to be used as an executive organ in many matters relating to propaganda. Among other things two press offices are to be set up, and that you must pitch in with your entire strength is understood. I have written to Chicago that I would like to have all administration offices—that is, the leaders and treasurers of all groups—come together for a conference in Chicago on July 28-30. But I would like very much to see you before-hand, perhaps on my trip to Chicago, in Detroit or Cincinnati. I will give you more exact information about that later.

My office here is affiliated with the Consulate General and I am at present occupied with negotiations and furnishing the office.

Now I have heard that without my knowledge all kind of negotiations have been carried on with Wiedemann in matters in which Wiedemann naturally has no compentency. I only regret that our leaders in the Reich are receiving such a confused picture of the U. S. A. because of so many actions being taken independently of one another. I don't understand party member Gissibl. As it has not been very long since he expressed his confidence in me, and even wrote me another letter before my departure, it is impossible to understand why he should work behind my back at the very time when I was using all my energies to clear our great opponent, Luedecke, from the field and prepare the way for orderly work.

I stand in no one's way and it is my intention to work in comradeship and make use of every old fighter. It is even a question, whether I will be able to take over the practical direction of the league. In any case, I will be happy to cooperate in any plan which serves the advancement of our cause. Time was never so favorable, or the road so open as now.

I urgently beg you, Dear Kappe, to explain the situation to Gissibl and help create unity between us. Awaiting your reply by return mail. Heil Hitler!

(Signed) SPANKNOEBEL.

P. S. Have powers of attorney from Reich Headquarters, as well as from the propaganda ministry.

BROWDER LED ALL FOURTH TERMERS

BY FRANK KENT

WASHINGTON D.C.,- For the Communist party, which now calls itself the Communist Political association, to favor Mr. Roosevelt's fourth-term candidacy is entirley logical and consistent.

This was forecast many months ago by the declaration of Earl Browder, whom Mr. Roosevelt released from prison "in the interest of national unity" nearly two years ago, and will surprise no one.

In his demand for a fourth Roosevelt term, Mr. Browder was so far ahead of all others that he easily can establish his claim to being the original fourth termer.

The CIO leaders, the city bosses, such as Hague and Pepper, Hill and Green, all followed Mr. Browder—they did not precede him.

Moreover, Mr. Browder is not swinging his party for a fourth term because of the presidential pardon. In all probability he would have taken the lead in the movement if he were still in jail.

Support of Mr. Roosevelt and the New Deal has been a Communist party policy since 1936.

The Communist party supported Mr. Roosevelt even when they had a presidential candidate of their own. They supported him even when he found it politically expedient to say he did not desire their support.

And the reason the Communist have been for Mr. Roosevelt this time is clear, indeed. They have publicly declared it upon various occasions.

In brief, it is that the Roosevelt policies and the New Deal tend in the Communist direction and, better than anything else, help move the country toward "our goals".

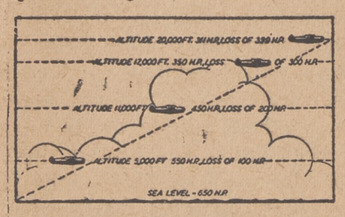
PLANE TALK

BY

Rowland Burnstan

As an airplane ascends into higher altitude, its engine loses power unless it is supercharged. This loss in power occurs because at high altitudes the air pressure is lower and the engine does not obtain the same supply of air as it does at lower altitudes. In order to compensate for the rarefied air, planes which fly at high altitudes are equipped with superchargers.

An engine supercharger is a pump which forces air into the engine's intake manifold. This makes up for the thinness of the air by forcing a greater quantity of air into the mixture with the fuel. This in turn brings about more efficient carburetion. By maintaining correct carburetion, the engine is able to deliver maximum power in higher altitudes.



ALTITUDE 20,000 FT. 311 H.P. LOSS OF 339 H.P.
ALTITUDE 17,000 FT. 350 H.P. LOSS OF 300 H.P.
ALTITUDE 11,000 FT. 450 H.P. LOSS OF 200 H.P.
ALTITUDE 5,000 FT. 550 H.P. LOSS OF 100 H.P.
SEA LEVEL - 650 H.P.

The illustration shows the decrease in power of a non-supercharged engine. At sea-level the engine obtains its maximum power of 650 H. P.; as plane climbs to 5,000 ft., the engine has lost 100 H. P.; climbing to 11,000 ft., it loses another 100 H. P.; at 17,000 ft. another 100 H. P.; reaching an altitude of 20,000 ft. it has lost a total of 339 H. P. and its power has dropped to 311 H. P.

LOOKING AHEAD

On Our Way

By GEORGE S. BENSON

President of Harding College

Searcy, Arkansas

PEOPLE in the United States are still allowed to own property. We are all used to the idea and it does not seem strange to us, but in some countries it is not allowed and many politicians oppose it. They are not all in faraway Muscovy either. Some Americans think it is wrong to own property. They are not saying much about it because such talk would do them no good right now. But they are gaining converts quietly.

Fortunately a big share of Congress is elected by farmers, even yet. Farmers own property and like it. Suppose some farm-state congressman should suggest that all farmers surrender their fields to the government and take a government farm job. He would face sure defeat at the polls. That's why communists have to hide from Congress while they cook their imported poisons into medicine for you and me.

Crafty Method CHIEF among things that communist politicians are aiming at is the "abolition of private property." Of course they can't argue anybody into the notion of giving away their property. They *know* that. The only way they can separate an owner from his property is to make it impossible for him to keep it. The easiest way to do this is to make taxes so high he can't afford to own it. That's about what's happening here now.

The communist platform of Karl Marx contains two wicked tools for transferring property to the government from private individuals, such as farmers: (1) A heavy, graduated income tax— the bigger the income the higher the rate. (2) Killing the right of inheritance. Together, those two instruments can do the foul work. We have No. 1 in America already. No. 2 has been seriously advocated in our own Congress.

Proposed Remedy CONGRESS could set up no better fender against communism in this country, could devise no safer strategy for the home front, than to take tax laws more intelligently in hand. There is a movement on foot already to amend the Federal Constitution so as to make 25% the top tax rate on gifts and inheritances and, except in war time, on personal incomes. Maybe 25% is high, but it's a ceiling and I'm in favor of it.

Already 14 states, Alabama, Arkansas, Delaware, Illinois, Indiana, Iowa, Maine, Michigan, Massachusetts, Mississippi, Pennsylvania, Rhode Island, Wisconsin and Wyoming have endorsed the move by act of legislature. Such an amendment would bring several incidental benefits to national prosperity besides setting up a safeguard against the transfer of private property into public hands by the tax route.

The United States is sure of an employment problem after the war unless industry is freed from the ball-and-chain effect of present taxes. "The real remedy for unemployment is the creation and maintenance of work opportunities for working men and women in private industry." Who said that? None other than Matthew Woll, while he was vice-president of the American Federation of Labor. He was dead right too

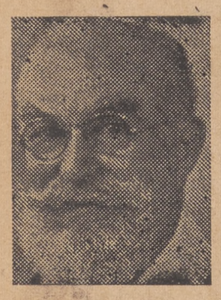
The Natural Way of the Old-Fashioned Way of Healing

By George Starr White, M. D.

By means of "un-authorized" methods of diagnosis, I have found that pratically all persons vaccinated "against" smallpox, as well as give all the "positive re- "against" tuberculosis, actions" for" W-four-plus," or "K-positive," during many months after such inoculations. Many other "vaccainations" or "inoculations" to supposedly prevent this and that malcondition also give the "positive reactions" for syphilis, as well as some other dreaded disease.



Geo. Starr White

When I first published my reports, regarding my personal findings, many whispered to me in various ways that I should keep quiet, as the pratice of medicine was chaotic enough without adding more fuel. NOW, in early 1943 the War Department Bulletin of the U.S.A. comes out in an article by the Executive Officer, as reported in The Truth-Teller of Battle Creek, Mich., (Aug. 1943 issue), and other reliable publications, in these words: "It has been clearly established that the usual serologic tests for syphilis may be temporarily positive as a result of vaccination for smallpox". In the year 1939 it was reported that "Medical scientists, including Dr. Carter of St. George's Hospital, London, England, show that syphilis often results from vaccination for smallpox."

Maybe, before many more decades, scientists will understand that even "big business" will not find it "good business" to compel human beings to have diseased material punched into the blood stream to make the victim's body healthy.

Many "Old-Time" Nature Doctors used and are using, certain resins to counteract the venom of snakes and insects. I have seen the poisons from black-widow spiders as well as from snakes "neutralized" in quick time by the use of certain resins, but in these times such "neutralizers" of legalized inoculations cannot be published!

In New England the "Old-Time" Physicians are using apple-cider vinegar, a teaspoonful to the six ounce glass of water, to neutralize poisons in the systems of their patients, and are having some great success as they did when I lived and worked there. Big laboratories do not like such information to leak out, so we must knock the head of the barrel out and prevent the "leak".

NATUROPATHS and all other NATURE HELPERS, regardless of titles, AWAKE! Let the PEOPLE know that we are ALLIED with NATURE to help them!

The "Big Business Physicians" pyramided too high. Their foundation is cracking—their pyramid must fall! Let the PEOPLE see that OUR foundation is built on a rock and that NATURE is OUR GUIDE!—The Truth Teller.

OLD NICK COLLECTS THE EVIDENCE

The other morning when I woke up and said my prayers I decided to follow them up and find out what effect they had. I landed at St. Peter's Gate and knocked. Peter stuck out his grey head over the wall, "Oh, it's you Kosti", and pressed the buzzer that opened the gate.

"It's a lovely morning, Simon", said I. And he agreed it was, then asked: "What can we do for you this lovely morning?"

I came to find out what effect all those prayers for victory have here in heaven.

"You came to the wrong place", smiled Peter.

"I don't understand".

"Yes, you do. This is heaven and we are not concerned with killings, so naturally no thought of violence ever reaches here.."

"But even the president led the world in prayer."

"Sure, so he did, but it was addressed to the wrong party. He issued directives, which would create strife and disrupt the peace of heaven. So naturally those instructions had to clear first through Old Nick's department. He collects them all and keeps them for the time when each one, who issued those prayers for successful killings, lands in purgatory, then he'll confront them with the evldence."

Of course, I understood and returned to earth. Then I said my prayers, for the souls who issue directives to the Lord how to make hell out of heaven, joining with Jesus on the cross: "Father forgive them for they know not what they do."

Good THOUGHT

Good WORD — Good DEED

Our Victory Prayer

To win victory over the enemy, the Synagogue of Satan (Zombies), we repeat the following prayer every morning according to these instructions contained below. To understand the meaning of terms realize that Mazda is the Zend word for Master, the Master of all Creation, and we are His sons and daughters who must learn to master all creation.

Zombies, or the Synagogue of Satan, are all those who pretend to execute the Will of the Master, but are Pharisees at heart, whited sepulcres. In the Zend lore they are called Devils. They stand up publicly and tell the Lord to take notice how wonderful they are and then instruct the Lord how to help them break His commandments.. In fact the Zombies are very stupid, but they claim to be smart. All criminals are stupid. If they were intelligent they could produce heaven on earth if they invested the energies and expense involved in war to do good to one another. All the Zombies are at war against God and His commandments. They imagine that they are smarter than the Lord, so they tell Him what to do.

Following are our prayer instructions:

With mine eyes lifted beyond the mountaintops and my heart fixed by the **burning fire of love** I shall daily join in harmonious accord the prayer of the faithful worshippers; the prayer thrice spoken distinctly and with the presence of mind fixed upon the meaning of every word; the prayer that heals the body and assures tranquility to the mind; the prayer that gives solace to the soul and **whispers to the spirit Peace;** the prayer breathed in tuneful measure with fervor, zeal, and the spirit of assurance, one **one single expiration:**

"May Mazda be rejoiced and His Associates continue to be victorious. May obstinacy in this home be destroyed thru the Virtue of Obedience, discord by Peace, avarice by Generosity, vanity by Wisdom, false virtues by Truthfulness, that the Immortals may long bless it with maintenance and friendly help; never the splendor of Prosperity or Progeny be distinguished, that we may shine with purity and see Thee face to face, O Mazda, attaining attributes leading unto worlds without end. May Peace come to one and all, and may there be given to this country purity, dominion, profit, majesty and splendor. This is my wish. Be it so: Amen."

Where Is Gladys

Dear Mr de Aryan:

Here is a dollar for more "Brooms"—all I can spare at present. I'm enclosing another version of the commandments! I copied them from a paper I found in Mr. Abraham's wood-box when I had a room there. They were Jewish, atheists and Communists, but I never was treated better in my life than when I was with them.

Mr. A. had a large library and oodles of books on Communism and Socialism—Mrs. A. minded her own business, and her bump of curiosity was the smallest I've bumped up against. They were fine! By the way do you know the 11th commandment? In case you don't here it is: "For God's sake mind your own business".

Where is Gladys? I've missed her! I don't think too much of "Marion". Must be something wrong with her.

Sincerely yours — — — SANDRA.

* * *

Dear Sandra:

Glad that you missed Gladys. She came back. Marion had a special job to do, so Gladys left her the whole field that there may be no interference and no alibi.

Gladys is one of my people, while Marion is running a personal "show" of her own, attached to a group who are a far cry from the Christ. They yet imagine that "God" is mixed up in human murder and they "pray" to "HIM", giving him instructions how to help the Allies kill off Nazis and Japs. Such blasphemy is incredible in this "enlightened" age, but such it is. We had to give Marion all the rope she asked for.

Her business is prospering since she broke up our friendship to cater to Newdealers, and I help her considerably by publicizing it. Was glad to do it and gave myself as much of a black eye as was possible under the circumstances to arouse sympathy for the lovely queen.

Her cues are mixed up and she is sure that the Holy Ghost is guiding FDR.

But she did me lots of good with her lip-service to the Christ. She reminded me of the rules at a time I needed reminding and I am as thankful as could be.

Ships Passing On The High Seas

Blondie gives out that life is just like ships passing each other on the high seas. People meet, tarry a while to exchange messages and then part, each going their own way.

Life is much better than that. True some people never get, or deserve, more than a quick exchange of whatever business is to be done and passing on in loneliness. But that is of their own making. Those who keep faith attract their kind and proceed in convoys.

The meeting on the high seas of LIFE might be for a moment, an hour, a day or a lifetime. And even where partners are separated and lifemates depart for other regions, if they kept faith with one another, there is something left in the heart of each that grows and brings them together again for an even longer period. Life is wonderfully good, but we must keep faith.

Where people are selfish, self-centered, self-concerned and measure everything by the profit they get out of it in place of the service they have an opportunity to give, certainly, ships will never tarry longer than necessary to get the business of exchange done with and proceed to a better destination.

Sincerely, KOSTI.

CHATS WITH GLADYS

WHERE ARE THE DEAD ?

I was sunning myself, as usual, at my down town corner during the noon hour, watching the people pass by and getting the feel of the pulse of life around me by studying their faces, their walk and the forms of their bodies. One gets a lot of factual knowledge from the study of human bodies, for every thought, every feeling, every action is imprinted in the body for us to read. Standing there during the noon hour when everybody comes out of shops and offices, walking to their lunch, one who is sensitive and watches their postures can tell a lot about what is going on in their minds and hearts. You might not believe it, but just watching the crowds during the last week before elections, gives one a forewarning about the outcome. And the street corner is the place where people stop to talk to me. One word here and one word there, and I know the "Gallup poll" in advance.

While thanking the Lord for the wonderful day, I knew a surprise was in store for me, and there she came, impishly and roguishly smiling, Gladys in person.

"I just followed my hunch and walked right where you were, Kosti. Glad to see me?" and she offered her lips right there in front of everybody.

"Am I glad, child? It's a delight to have you here again. How did you come?"

"In the rocket. Ann had one built for me since Fred is too busy to ferry me around. I left it by the roadside near La Mesa. It looks like a cabin-car, not a trailer-car, but fits nicely near that trailer camp. It's only two hours since I left the Temple in Shangrila. From La Mesa I took the bus and following my love-sense, here I found you. Ann sends her love and now let's go and have lunch, I am famished."

So we linked arms and proceeded to the Cafeteria. It was crowded but we managed to get our trays filled and hid upstairs where one can visit in almost privacy..

"Kosti, Ann wants you to write some articles about those who die on the battle fields, etc. She says so many people are desperately hurt and we ought to explain to them what happens after death. Go ahead, tell me."

"But Gladys, you know it as well as I do."

"Yes, but this is my assignment. You tell me and I'll check you, then you write down our conversation. Go ahead, Kosti."

"Well, the boys who face death know a lot about it already. Home is far away from them, feels as if it were on some other planet and in some past incarnation. The war will never end, for they don't know whether they will go back, so this is another life from the life they had, an eternity ago, when they were children, went to school, etc., etc."

"How do those who are killed find themselves?"

"The way we do in sleep, during a dream. Quite another world, but still it is familiar, as we feel often in our dreams that we returned to familiar surroundings. There is one world beyond the veil and another here in matter of the five senses. But we are familiar with both, because one is in us, the other outside of us, but we are in both. During sleep we merely live in the inner world, so to speak. And when one gets killed, he awakens in his sleep world."

"How do they feel there?"

"Mighty funny, because they are not dead. All their life energies are still bound in the material world, but they cannot move their dead bodies, so they left them there, in matter, but are floating about on the battle fields quite lost and disconsolate. They cannot orient themselves."

"Can they see the earth?"

"Certainly, they see and mingle with their buddies, but nobody sees them and that puzzles them at first, till they remember what killed them and perhaps discover their own carcass."

"When they know that they are dead for good, do they go to heaven or hell?"

"No, they are lost, they don't know what to do. You see, all their senses work as before and they are either interested in the war or else are interested in their homes. Whichever pulls them harder, there they suddenly find themselves. Thinking is traveling, like on a magic carpet."

"Do they visit their families?"

"Of course, they do, but the families can't see them. Here and there somebody has a sense of nearness, but they imagine it's just their memory of him, while in fact he is right there, that's why they remember him."

"Now Kosti, I think this is enough for the first article. You write it down and we will see how it goes over, then we will work out the sequence. Ann told me to commute back and forth, because I am needed at the Temple. We have our hands full directing the rescue work on the other side of the veil and we have quite a shortage of 'Invisible Helpers' who take care of the disembodied ones and get them straightened out."

OUR GROUNDHOG WORLD

By GEORGE CARTWRIGHT

Associate Member Contributors

U. S. Chamber of Com'ce Pres. Eric A. Johnston will visit Premier Stalin. RR-Brotherhoods' "Labor" seeks to know who are Chamber's Associate Members who provide 75% of its revenue. Admiration of Stalin's life work by the world's workers is understandable. What is it causes the I.W.W. (I work the workers) of Wall St., Willkie, Johnson, et al., to cultivate Premier Joe's friendship? When we locate a copy of "Hoover Under Two Flags", we may find the explanation and will pass it on to readers.

Hate and Love

A lot of loose writing is done about solving human problems with love, contending hate is destructive. Each is as natural as gravitation. Rockefeller and Hearst, wealthy men, are reported to live behind armed guards.. Fels Naptha manufacturer, Jos. Fels, at times spent $1,000 a day to educate folks as to our economic inequities. Mayor Tom L. Johnson of Cleveland spent millions fighting Street Railway monopoly. Both Fels and Johnson traveled far and free without body-guard at home or abroad.

Wealthy men who try to make the world better to live in are loved. Men who hog the game of life and try to hold it monopolized are hated. They each get what they earn under the law of cause and effect.

The Tory

Patrician, Aristocrat, Tory—whatever his age or name,
To the people's rights and liberties, a traitor ever the same..
A natural crowd is a mob to him, their prayer a vulgar rhyme;
The free man's speech is sedition, and the patriot's deed a crime.
Wherever the race, the law, the land—whatever the time or throne,
The Tory is always a traitor to every class but his own.

—John Boyle O'Reilly.

Does Stalin Need No Guard ?

George Cartwright, writing in today's "Our Groundhog World", presents two very interesting items, in fact three. Stalin, Joseph Fels and 'The Tory'.

Cartwright says that it is understandable what causes admiration or Stalin's life work by the world's workers. Then he shows that Hearst lives under armed guard, while Joseph Fels, a Jew and Singletaxer, traveled all over the world without any need of a guard. And finally he presents a picture of The Tory.

Fact of the matter is, no worker in his good mind admires Stalin's life work ANYMORE than he admires a Tory. Stalin is a Tory of the most vicious brand, since Communism is Tory dictatorship in reverse, but in effect the same. Tories wade in blood to hold their supremacy, so do Communists.

Joseph Fels, the Jew, came nearest to following in the footsteps of the Nazarene, socially speaking, than any contemporary Jew. He needed no bodyguard. His heart was clean, trickery was not his method of gaining riches and after he made his pile, Fels Naptha Soap, he used it to bring economic freedom to mankind by disseminating the Henry George doctrine of land value taxation and world wide free trade. It will take some time, but after men and women will be sick of bondage to the Tories and the Communists, they will study Henry George and do away with Tories and Communists. Free trade is the remedy for "isolation" blues.

Speech by Henry H. Klein

(Continued from Page One)

mitted.

Enough for this introduction, now let us get to the facts.

HERE IS WHAT WE WILL PROVE:

We will prove that this persecution and prosecution was undertaken to cover the crimes of government—remember that.

We will prove that it was undertaken by **order of the President,** in spite of the opposition of Attorney General Biddle.

We will prove that Mr. Rogge was selected for this job of **punishing these defendants** because no one else in the Department of Justice felt that he could find sufficient grounds to spell out a crime against these defendants.

We will prove that this persecution was instigated by so-called professioanl Jews who make a business of preying on other Jews by scaring them into the belief that their lives and their property are in danger through threatened pogroms in the United States.

We will prove that the lives and properties of these Jewish people and all other persons in the United States are in danger through the imminent triumph of Communism in the United States.

We will prove that the **ground work for Communism in the United States has already been laid** and that all that is needed is a word from **Joseph Stalin** for the final act to turn this Republic into a Communistic Soviet country.

We will prove that the Communists control not only our government, but our politics, our labor organizations, our agriculture, our mines, our industries, our war plants and our armed encampments.

We will prove the oft repeated assertion of Attorney General Biddle that the Communists have been undermining the morale of our armed forces for twenty-five years.

LAW AIMED AT COMMUNISTS

We will prove that the law under which these defendants are being tried was enacted at the repeated demands of the heads of our armed forces to **prevent Communists from destroying the morale of our soldiers, sailors,** marine and air forces. Congress refused to enact this law in 1935 when the heads of the Navy first demanded it because of Communistic agitation on our warships.

The heads of our Army and Navy went to Congress again in 1939 to repeat their demand because the Communists continued their seditious agitation among the armed forces and caused a near mutiny on one of our warships.

We will prove that this prosecution and persecution was undertaken to protect Communists who were and are guilty of the very crimes charged against these defendants who are utterly innocent and have been made the victims of this law.

We will prove that Mr. Rogge deliberately ignored the findings of the Dies Committee, which prove these accusations against the Communists; that **he deliberately ignored the report of the Attorney General Biddle** in the case of the labor leader **Harry Bridges,** which charges on nearly every page, that the Communists have undermined the morale of our armed forces since 1919, and of our officers reserve corps in colleges over a period of years, long before this law was enacted and long before Hitler came to power in Germany. We will show that Mr. Rogge also ignored reports of investigators for the F. B. I. and Army and Navy Intelligence units and that the investigation of Communists was ordered discontinued by President Roosevelt.

We will prove that **Mr. Rogge deliberately falsified the preamble** clause in this so-called indictment in order to provide a basis for this prosecution — that he made it appear that Hitler's aim was to **overthrow democracy** throughout the world (which is none of our business) and by inference, to overthrow our own democracy which we never had, because our Constitution says that **ours is a Republican form of government.**

We will show that Nazi-ism (National Socialism) is a NATIONAL program; that Communism is an INTERNATIONAL program; and that national patriotism has been driven from the United States by the so-called internationalists.

COMMUNISM, OUR ENEMY

We will also show that Nazi-ism was started and fostered in Germany by those who wanted to drive out Communism, the same as was done in Italy by Fascism. Eastern Europe was overrun with Communism after the first World War, and Karl Liebknecht and Rosa Luxemburg led a Communist Revolution in Germany in 1919, in which they were killed.

We will show that so-called democracy is synonymous with mobocracy, and that the term democracy has been used and fostered by government propagandists in order to confuse the people and pave the way for Communism in the United States. Plato criticized democracy and wrote a book called "The Republic".

We will prove that **Felix Frankfurter, Sidney Hillman, and Harold Laski of London** are the chief instruments of Communism in the United States and that this nation can be **completely transformed from a Republic to a Soviet government inside of six months, if Joseph Stalin wills it.**

We will prove that Joseph Stalin has obtained absolute control over Franklin D. Roosevelt and that Congress has virtually abdicated during the past ten years—that's why these defendants wrote and condemned what they believed was inimical to our government, including Mr. Roosevelt himself.

ANTI-"ANTI-SEMITISM" A RACKET

We will prove that anti-Semitism charged in this so-called indictment, **is a racket;** that it is being run by racketeers for graft purposes.

We will prove that one of the heads of one of these organizations supposedly fighting anti-Semitism is an ex-convict.

We will prove that a large part of the **agitation regarding Jews** in the newspapers is manufactured, and that **large money contributions have been wrung from persons threatened with reprisals is they did not give up.** We will show that millions of dollars have been contributed because of such threats, and that lawbreakers are promised protection if they contribute.

We will show that the most **vicious written attack on Jews** and on the Roosevelt administration **emanated from the office of the F. B. I.** by one of its agents, and that the purpose of this attack was to provoke others to do likewise. We will show that this agent also drilled his underlings in New York with broomsticks preparatory to **"killing Jews".**

The late **Samuel Untermyer** organized a commercial boycott against Germany in 1933 for his **own vainglorious publicity,** and he organized the **Anti-Nazi League which he quit because it became a racket.** He had a large sum of money invested in real estate in Palestine, at high interest rates, at that time.

Rabbi Wise followed Untermyer's lead for publicity with his World Jewish Congress, because he was jealous of Sam. **I exposed Wise as a political rabbi back in 1921.**

We will show that **large sums of Hitler money helped finance Mr. Roosevelt's campaign for re-election in 1936** and that right at this moment, British, American and German capital and industry are cooperating together in South America and other parts of the world.

DEFENDANTS HIT "NEW DEAL"

We will show that most of these defendants were indicted not because they violated the peace-time sedition law, but because they condemned various illegal acts by Mr. Roosevelt and others in the administration.

We will show that the **K. K. K.** supported and conducted an organization campaign **for Mr. Roosevelt for President in 1931 and 1932,** in seventeen southern States, and that they later sued Mr. Roosevelt for part of the money spent. Mr. Rogge says that some of these defendants associated with Klansmen, but remember this is no crime. **Mr. Roosevelt appointed an intelligent and educated Klansman to the U. S. Supreme Court, and he makes an excellent jurist.**

We will show that crimes committed by Mr. Roosevelt and others in this administration are the real reason for this prosecution—to cover up those crimes by "pounding" other persons.

We will show that these crimes include an attempt to overthrow the German government while this nation was at peace with Germany and the gross betrayal of the American people by Mr. Roosevelt to Winston Churchill and Joseph Stalin.

That is why these defendants are now on trial after they have been persecuted for three years in order to **save Franklin D. Roosevelt from exposure,** also to save a few **self-important alleged high class Jewish citizens** from the charge of violating the United States Neutrality laws.

We will corroborate all this by the **tears and testimony of an anguished mother whose son languishes in a prison cell in England** because he failed to save this nation from betrayal into war. **Tyler Kent's** release from prison means the release of Franklin D. Roosevelt from the **death grip of Joseph Stalin** and it means a shocking revelation to the people of the United States.

Young Kent was the decoding officer in the American embassy in London from October 1939 to June 1940 and decoded all the communications between Roosevelt and Churchill while Neville Chamberlain was Prime Minister. Stalin's secret police got hold of a set of these communications, and thus **Stalin has had the "goods" on Roosevelt and Churchill** ever since.

COL. SANCTUARY OF U. S. ARMY

I want to tell you a little more about my client, **Defendant Colonel Eugene Nelson Sanctuary.**

As I told you, he is seventy-three years old, a native born American and a veteran of the First World War. He has been fighting Communism and Bolshevism for twenty-seven years —even before the time when Attorney General Biddle said the Communists began in 1919 to undermine the morale of our armed forces.

Col. Sanctuary was in charge of shipping the Railroad Division of our Army that was sent into White Russia to fight the Bolsheviks soon after the revolution broke out in 1917. He was handed a number of men to serve as interpreters, and when he learned that they were Bolsheviks he rejected them. All they wanted was to get over to Russia at the Government's expense. Some years later, Col. Sanctuary was receiver of a manufacturing plant in Pennsylvania and learned that the plant was operating with Russian money, and that the Russians then had a very large account in the National City Bank, New York City.

I am Col. Sanctuary's attorney because he has been charged with being anti-Semitic by those who have been persecuting him and other defendants. If these persecutors had taken the trouble to read one of his books that he published about eight or nine years ago they would have found on the fly leaf in the front part of the book a dedication by the author to the **"Good Jews of America".**

If they had also read a booklet that he wrote about an alleged Jew in Brooklyn who was and is collecting large sums of money from Christians ostensibly for making Jewish converts, they would have learned that Col. Sanctuary **condemns bad Jews and praises good Jews.**

I am his attorney also in order to awaken the Jewish people of the United States to the tremendous wrong that is being done them by a handful of self-important Jewish political madmen.

All Jews are being blamed for the conduct of this handful who have **contributed in a great measure to the wrecking of the United States** which is now on the verge of becoming a **Communistic country.**

"POLITICS" INDICTS PATRIOTS

Remember most of these defendants are **beyond middle age** and most of them are **native Americans,** yet Mr. Rogge tries to make it appear that they were engaged in trying to upset this government by undermining the morale of our armed forces.

A prosecutor's job is to present the truth to a jury whether it benefits his side of the case or not. In this instance Mr. Rogge is acting more as a **persecutor** than as a prosecutor.

Remember that virtually every quotation contained in the so-called **indictment is of a political nature,** and if these quotations are taken from anything written or spoken by any of these defendants they show very clearly what these defendants were writing about. They were condemning and criticizing various acts of the Government which they considered damaging to the interests of America—their America, the America that they knew in their earlier lives, the America that my client, Colonel Sanctuary, knew before 1933.

Since that time the economic system in America has been transformed from one based on **individual effort to State Capitalism** through the manipulations of **Felix Frankfurter** and his **socialistic companion** and co-worker of London, **Harold Laski.** They have given us in the last twelve years scores of government-owned corporations financied by government funds, doing an aggregate business of **several billion dollars a year,** and controlling the output of **agriculture,** besides many other **basic and staple industries.**

The next step in the socialistic trend instituted in this country by these two persons will be **out and out Communism.** They have already given us a program "from cradle to the grave", originating in the London School of Economics conducted by Laski and introduced into this country through the agency of Laski's and Frankfurter's socialistic groups, formerly headed by Israel Moses Sieff and now by Athur Salter. Scores of Frankfurter and Laski folfowers and agents occupy key positions in most of these public semi-socialistic corporations and in various departments of the Government.

COMMUNISTS THE REAL HATERS

Mr. Rogge in his opening address talked of the hate campaign that he said the Nazis were conducting through these defendants in the United States. The Communistic program has always included a stirring up of racial and class hatred and antagonism. Mr. Rogge says these defendants were trying to **abolish freedom of speech,** press and assembly and all other civil liberties, following the Hitler line.

These freedoms have already been abolished to a large extent by this administration and they will be completely blotted out if Mr. Rogge succeeds in this prosecution.

Mr. Rogge says that these defendants want to impose a **one-party system of politics on the United States. Mr. Roosevelt has already done that.** The same financial group that controls the New Deal Party controls all other political parties in this country. They finance them all.

Mr. Rogge talked about two opposing worlds and **tried to make you believe that Hitler said that the democratic world and his world could not exist together on this earth.** I have here in my hand the report of the Department of State, entitled, "National Socialism", issued in 1943. The sub-heading reads "Basic Principles, Their Application By The Nazi Party's Foreign Organization. And The Use Of Germans Abroad For Nazi Aims". After quoting the sentence about two worlds, this book at the bottom of page 4, quotes from Hitler as follows:

"If in this war everything points to the fact that gold is fighting against work, capitalism against peoples, and reaction against the progress of humanity, then work, the peoples and progress will be victorious."

Remember that after the Versailles Treaty Germany was dismembered and was surrounded by hostile countries. Germany was completely encircled and was doing every thing she could to free herself with the aid of capital from England, France and the United States.

Hitler did not destroy the Weimar Republic in Germany; it died because it was ineffectual. **The people in Germany were hungry and out of work** and the Republic could not help them.

And as if to refute Mr. Rogge's claim that the Nazi organizations were busy in the United States and other countries, the late United States **Ambassador Dodd** to Germany, wrote in his posthumous publication, that "Hitler published an order to the German Consulates in the United States late in December, (1935) that at the end of that month **all Nazi organizations must be dissolved,** even in our country where there are millions of Germans." (Page 318 of the London edition, page 311 of the American edition.)

Mr. Rogge makes a strong play on **anti-Semitism** and tries to make you believe that it was imported from Germany and used by those defendants for the Nazi purpose. This claim is of course nonsense as I have already explained. So far as the Nazi propaganda in the United States is concerned, it probably amounted to only a very small fraction of the amount of British propaganda and now of Russian propaganda.

This country is now in the hands of British and Russian internationalists, in spite of all efforts by these defendants and others to keep our national patriotism alive.

———B———

Dear Mr. de Aryan:

I, too, am a vegetarian! For an unusual reason. When a small child, an old man took me to ride with him, one fine day. He stopped at a slaughter-house, **and took me in!** (I'm not sure I've fogiven him yet). I saw cattle packed in a large, narrow room, as close as sardines in a box—all standing. When one was **pulled** out he was so tired he sank to his knees. But they were beaten and prodded until they stood over a large hole. They stuck them in the throat and ripped them. The poor things cried out. You know the rest. I was so shocked and horrified, (and heart-broken) I couldn't bear to even look at a piece of meat. I didn't tell my mother or father—no one! My father insisted I eat meat to make red corpusules—I cried. Still my father insisted—I shredded the meat as fine as I could, hid it under my potato—and gulped, and cried till I was scolded so I tried to stop. At last, my father thought, if I hated it so, perhaps he did wrong to **make** me eat it. So since then—no meat for this child! No, I don't believe in it, either.

A blessing on you and your paper.

Very sincerely, VIOLET B. SANBORN
